Jesus Come and Save Me From Your Followers

Words and Music by Grant Simpson

When Constantine came on the scene
He needed lots of bread
To help him with his stellar rise to fame
By forcing one belief
He found that sweet relief
And he did it all oh Jesus in your name

(Chorus)

*Oh Jesus come and save me from your followers
They say that you're the one to set me free
I will thank you every day
If you keep them all at bay
Jesus save me from your Christianity*

With weapons on their shoulders
Onward Christian soldiers
Helps to keep the mortal masses tame
By sickle-axe and sword
They forced you as the lord
And they did it all oh Jesus in your name

(Chorus)

Build your churches build 'em tall
Then welcome one and all
Deciding who's to bless and who's to blame
Enforcing all those rules
For all us heathen fools
And they do it all oh Jesus in your name

(Chorus)
